Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Please review and enter the following remarks summarizing the interview conducted on June 8, 2009 and June 9, 2009:

REMARKS

Applicant's representative, Andrew J. Taska, initiated a telephone interview with Examiner Magda Cruz on June 8, 2009 during which Applicant's representative argued that the current objections to claims 6 and 7 are improper since neither claim 6 nor claim 7 is a multiple dependent claim. The Examiner was not immediately persuaded by such arguments, but agreed to discuss such arguments with her Supervisory Examiner and then report back to Applicant's representative.

Applicant's representative received a return call from the Examiner on June 9, 2009, during which the Examiner confirmed that the current objections to claims 6 and 7 are improper

and the Examiner agreed to withdraw these objections if formal arguments to this effect were set forth in a formal written response to the outstanding *Ex Parte Quayle* Action.

No exhibits or demonstrations were provided.

It is respectfully submitted that the instant STATEMENT OF SUBSTANCE OF INTERVIEW complies with the requirements of 37 C.F.R. §§1.2 and 1.133 and MPEP §713.04.

It is believed that no petition or fee is required. However, if the USPTO deems otherwise, Applicant hereby petitions for any extension of time which may be required to maintain the pendency of this case, and any required fee, except for the Issue Fee, for such extension is to be charged to Deposit Account No. 19-4880.

Respectfully submitted,

/ Andrew J. Taska /
